

Handy Tulips

Kids **ART** Fairs
Capturing Kids' Creativity
kidsartfairs.com

1. On back of art paper, write in name, age, school, and parent name with phone number.

2. Use glue stick to attach background paper.

3. Place the Signature Template over your artwork, and use the fine-tip marker to sign your name inside the opening. (Before wet paint is added.)

4. Use a sponge and paint child's palm with paint. Guide his/her hand, with the fingers together, and press down onto the paper.

5. Then paint the other hand with a different color and have him/her press that hand down on the paper without touching the other print.

6. Use paint or crayons to add stems, leaves and other details. Let dry.
